

FRAUD POLICY and PLAN

1. INTRODUCTION

Australian Foundation for the Peoples of Asia and the Pacific (Known as ACTION ON POVERTY)

The Australian Foundation for the Peoples of Asia and the Pacific Limited (Action on Poverty) is an independent, secular, not for profit, non-governmental organisation (NGO). Founded in Australia in 1968, Action on Poverty was incorporated in the state of New South Wales in 1983. Action on Poverty works with partners and communities in Africa, Asia and the Pacific.

Action on Poverty is committed to supporting work that is of the highest standard, and in doing so, holds full accreditation with the Australian Government through the Department of Foreign Affairs and Trade (DFAT). Action on Poverty is a signatory to the Australian Council for International Development (ACFID) Code of Conduct, which requires high standards of corporate governance, public accountability and financial management to be in place.

Action on Poverty's Vision: A just world through community partnerships.

Action on Poverty's Mission: To be a leading agent for poverty alleviation through community based development.

2. BACKGROUND

2.1 Action on Poverty regards and treats fraud seriously. It is committed to the highest possible standards of accountability, openness and transparency. Action on Poverty has a zero tolerance attitude towards fraud.

2.2 The organization's fraud policy is established to facilitate the development of strong, robust and effective controls that will aid in the detection and prevention of fraud against Action on Poverty.

2.3 It is the intent of Action on Poverty to promote consistent organizational behaviour by providing guidelines and assigning responsibility for the development of controls and conduct of investigations.

3. SCOPE OF POLICY

3.1 This policy applies to any fraudulent irregularity or suspected fraudulent irregularity, involving Action on Poverty and its partners', employees, Board members, consultants, vendors, contractors and/or any other parties with a business relationship with Action on Poverty. It should be

noted that the scope also extends to our partners' and any implementing organisations and groups.

3.2 Any investigative activity required will be conducted without regard to the suspected wrongdoer's length of service, position / title, or relationship to Action on Poverty.

3.3 It should be noted that mismanagement and contractual issues are different to fraud and fall outside the scope of this policy

4. POLICY PRINCIPLES

4.1 Action on Poverty is committed to protecting public money and other resources from any attempt to gain by deceit financially or through other benefits. This includes bribery or being bribed.

4.2 In this regard Action on Poverty

- Maintains a "zero tolerance" attitude against fraud. This applies whether funding has been provided by Action on Poverty or other donors;
- Requires that any case of suspected or detected fraud must be reported to the relevant Country Director and relevant senior Action on Poverty staff. If the suspected fraud relates to either of these positions, the detected fraud must be reported to a member of the relevant Governing body;
- Adopts a risk management approach to the prevention, detection and investigation of suspected fraudulent activity that is incorporated into its business process, management practices, internal controls and related activities;
- Supports internal and external processes for safe reporting of wrongdoing ('whistle blowing');
- Commits to training staff and partner organisations in ethics, privacy and fraud and bribery awareness activities; and
- Prosecutes or applies appropriate sanctions against those who have committed fraud.

5. POLICY

5.1 All management and staff are responsible for the detection and prevention of fraud, misappropriation and other irregularities.

5.2 Action on Poverty uses the Commonwealth Fraud Control Framework 2014 Definition of fraud. Which is: "dishonestly obtaining a benefit, or causing a loss, by deception or other means". Fraud includes legally defined dishonesty offences and also where benefits (tangible or intangible) reflect a misuse or misappropriation of funds or assets. Fraud is a criminal act involving a deliberate intention to deceive and behave dishonestly in order to receive a benefit.

5.3 Fraud in all its forms is unacceptable to Action on Poverty because its occurrence would damage our reputation, with our supporters, partner governments, and others that we work with including the communities we serve. Fraud diverts donor funds from the intended purposes and intended beneficiaries of a development project.

5.4 Any irregularity that is detected or suspected must be reported immediately to the relevant Senior Action on Poverty staff who will work with relevant staff to coordinate all investigations with appropriate authorities, both internal and external.

5.5 Action on Poverty understands its obligations to donors and will act in accordance with these obligations in regard to the reporting of suspected and detected cases of fraud to the donor, the continuing investigation of

fraud cases and the legal pursuit of the fraudsters and recovery of stolen resources. If any staff member has any question as to whether an action constitutes fraud, contact the Action on Poverty Executive Director or Finance Director and relevant Country Director if it relates to a partner.

- 10.10 The reporting individual should be informed of the following:
- Do not contact the suspected individual in an effort to determine facts or demand restitution
